Bukhara Region Water Supply and Sewerage Project (BRWSSP)

The Republic of Uzbekistan has applied for financing in the amount of US\$ 385.12 from the Asian Infrastructure Investment Bank (AIIB) toward the cost of the Bukhara Region Water Supply and Sewerage (BRWSSP) Project, and it intends to apply part of the proceeds to payments for goods, works, non-consulting services and consulting services to be procured under this project. The Government of Uzbekistan has entrusted the project to JSC “Uzsuvtaminot” for the project implementation.

The project will include the following components and the procurement that requires international competition for this Project, will commence in May 2021, will include the following components:

Component 1 — Investment in Water Supply Infrastructure: Construction and rehabilitation of main water lines, well fields and intakes, associated electric facilities, water treatment plants, pumping stations, water reservoirs, distribution networks. The water supply component covers the districts Bukhara, Rometan, Peshko, Jondor, Kogon and Qorovulbozor.

Component 2 — Investment in Sewerage Infrastructure: implementation of centralized sewage systems in district centers consisting of house connections, collectors, pumping stations and mechanical-biological sewage treatment plants as well as discharge facilities, optionally tertiary treatment for reuse purposes. The sewerage component covers the district centers of Qorakol, Olot, Qorovulbozor, Rometan and Gijduvon.

Component 3 — Project Implementation and Management Support: Project management and implementation support by a Project Management Consultant will be provided to assist the Implementing Agency in ensuring seamless coordination, efficient implementation and compliance with the relevant policies and standards. Based on the feasibility study, the detailed design for phase I will be prepared through the consulting services under this component. The consulting services will also assure the construction supervision during implementation. In addition, the component includes incremental cost for the Project Coordination Unit.

Procurement of contracts financed by AIIB will be conducted in accordance with the AIIB Procurement Policies and its associated Procurement Directive (June 2, 2016) (“Procurement Directive”), and is open to all eligible firms and individuals as defined in the Procurement Directive.

Specific procurement notices for contracts subject to open international competitive procurement will be announced, as they become available, on www.uzsuv.uz, www.tenderweek.com, AIIB external website and UNDB portal, as appropriate.

Interested eligible firms and individuals who would wish to be considered for the provision of goods, works, non-consulting services and consulting services for the above-mentioned project, or those requiring additional information, should contact the Borrower at the address below:
